

From Navicat – Database Table Design:

MSSQL 2017 Enterprise SQL Server

Name	Type	Size	Scale	Not null	Key
cod_sysid	char	36	0	<input checked="" type="checkbox"/>	1
CreateUser	varchar	20	0	<input type="checkbox"/>	
CreateDate	date	0	0	<input checked="" type="checkbox"/>	
CreateTime	time	7	0	<input checked="" type="checkbox"/>	
IsActive	tinyint	0	0	<input checked="" type="checkbox"/>	
CaltransName	varchar	100	0	<input type="checkbox"/>	
CaltransNameCompressed	varchar	100	0	<input type="checkbox"/>	
Comment	varchar	200	0	<input type="checkbox"/>	

Import into Aware IM via Existing External Database Table:

Persistence Settings

Select persistence type of the business object:

Database: existing external Data of the object is persisted in external database not managed by Aware IM.

Select an existing database or click Add to add a new one:

Database: _ADMdb [Add...](#) [Edit...](#) [Delete](#)

Select table or view and click Discover Attributes

Table or view: CTcod [Discover Attributes](#)

Primary Key	Name	Type
<input type="checkbox"/> Yes	cod_sysid	Plain Text
<input type="checkbox"/> No	CreateUser	Plain Text
<input type="checkbox"/> No	CreateDate	Date
<input type="checkbox"/> No	CreateTime	Timestamp
<input type="checkbox"/> No	IsActive	Number
<input type="checkbox"/> No	CaltransName	Plain Text
<input type="checkbox"/> No	CaltransNameCompressed	Plain Text
<input type="checkbox"/> No	Comment	Plain Text

AwareIM Attribute Property panel –Data type not changeable as it should be.

The screenshot shows the 'Attribute' property panel with the following sections and values:

Property	Value
General	
Name	CreateTime
Description	
Type	Timestamp
Required	<input type="checkbox"/>
Calculated	<input type="checkbox"/>
Initial value	
Choices	None
Format	yyyy-MM-dd HH:mm:ss.S
Error messages	None
Advanced	
Presentation	
Label	Create Time
Icon	None
Tip	None
Widget	Date/time control
Width(px)	
Width(sym)	20
Save form on selection change	<input type="checkbox"/>
Time interval(min.)	30
Time min. value	
Time max. value	
Icon rules	None
Styles	None
Script	None

CTcod

cod sysid:

Create User:

Create Date:

Create Time:

Is Active:

Caltrans Name:

Caltrans Name Compressed:

Comment:

Form Cell	
Property	Value
Type	Attribute
Cell ID	
Attribute name	CreateTime
Label	Create Time
Icon	None
Tip	None
Widget	Date/time control
Width(px)	
Width(sym)	20
Save form on selection change	<input type="checkbox"/>
Time interval(min.)	30
Time min. value	
Time max. value	
Icon rules	None
Styles	None
Script	None
Tab order	
Hide label	<input type="checkbox"/>

And if I try to change the format to a time format – the Widget may still not give me what I want. Please ignore the fact that my example uses CreateTime – it could be any time data I need to record like a Running Contest race speed time.

Property	Value
General	
Name	CreateTime
Description
